

Fact Sheet: About Pentair

Pentair (www.pentair.com) is a diversified operating company headquartered in Minneapolis, Minnesota. With 2008 revenues of \$3.35 billion, Pentair employs approximately 13,000 people worldwide. Pentair's stock is listed on the New York Stock Exchange under the symbol "PNR."

Approximately 70 percent of the company's business is derived from the **Pentair Water** Group, which is a global leader in providing innovative products and systems used worldwide in the movement, treatment, storage and enjoyment of water. The remainder of the company's business comes from the **Pentair Technical Products** Group, which is a global leader in the design and manufacture of thermal management products, and enclosures that protect sensitive electronics and electrical components and the people who use them.

Pentair Water Group – This business segment includes the following five global business units (GBUs): Engineered Flow; Filtration Solutions; Residential Filtration; Residential Flow; and Pool Equipment.

- Pentair's **Engineered Flow** GBU is a leading provider of large pumps for the municipal, commercial, industrial and desalination infrastructure markets. The GBU is headquartered in North Aurora, IL, and is comprised of major brands such as Fairbanks Morse, Aurora and Hydromatic.
- Buoyed by the Everpure, Pentair Water and Pentair Industrial brands, the **Filtration Solutions** GBU holds a strong position in the global foodservice, energy and desalination filtration markets. Pentair Filtration Solutions is headquartered in Minneapolis.
- Created by the joint venture between Pentair and GE, the **Residential Filtration** GBU is the established leader in home filtration solutions. Based in Glendale, WI, the business is focused on being first-to-market with innovative solutions for the retail, whole house and point-of-use markets.
- With major brands such as Myers, Berkeley, Nocchi and Jung Pumpen, Pentair's **Residential Flow** GBU is a leader in residential and agriculture pumps, and is headquartered in Delavan, WI.
- The **Pool Equipment** GBU is comprised of Pentair Pool Products and Sta-Rite brands. Based in Sanford, NC, this business has established itself as the clear innovation leader in its market. Pool Equipment is focused on advancing its position as the leading provider of innovative pool pumps, filters, heaters, heat pumps, lights, cleaners, water features, maintenance equipment and automated control capabilities, including its EcoSelect line of environmentally friendly pool products.

Pentair Technical Products Group – This global business unit, headquartered in Minneapolis, is comprised of the Hoffman, Schroff and McLean Cooling brands. Pentair's **Technical Products** GBU is considered the leader in the enclosures market.

The Pentair Foundation – Established in 1998, The Pentair Foundation has committed more than \$24 million to strengthen and support communities in which Pentair operates, with a focus on education, community giving and water quality. Through the Foundation, Pentair directs two percent of its pre-tax earnings to charitable organizations annually.
