# CONNECT THE INTELLIFLO3™

## VARIABLE SPEED AND FLOW PUMP TO THE PENTAIR HOME APP

Open the Pentair Home app and follow these instructions to connect the IntelliFlo3 to your Home account.

From the home app, choose **Add a Device**.  
Select **IntelliFlo3**.

Make sure you are close to your pump to pair your Bluetooth device.

Begin pairing mode.  
Select **CONTINUE**.

Press the **CONNECT** button on the pump.  
When the **CONNECT** button flashes blue on the pump, on the app screen, select **CONTINUE**.

Select **CONTINUE**.

Select the device that shows up.  
The device should start with the letters PNR.  
The connection process will begin.

Your Bluetooth Wireless Connect has been established.  
Select **CONNECT VIA WIFI** for the best experience.

Select your home network under **Select WiFi Network**.

Enter your WiFi password and select **CONTINUE**.

Once your IntelliFlo3 is connected to your WiFi, add your device address to complete setup.  
Select **CONTINUE**.

Nickname your pump.  
Select **Save**.

The installation is complete.  
Select **CONTINUE**.

Select your Notifications.  
Select **CONTINUE**.

Your IntelliFlo3 is ready to use.

**Note:** These are the same installation steps for the IntelliPro3™ Variable Speed and Flow Pool Pump.
