HOW TO CREATE A PENTAIR HOME APP ACCOUNT

APP SETUP

Create a Pentair Home app account.

You will receive a verification email to confirm your contact information. Once confirmed, you can log into the app.

Create a profile.

Enter pool information.

SET UP NOTIFICATIONS

Select the three horizontal lines in the top left corner of the screen.

Select **Notifications**.

Toggle the type of notifications you would like to receive.

REMOTE MONITORING

You can grant your pool professional remote monitoring access **ONLY** if your Pool Pro has a Pentair Pro app account and Pentair Partner credentials.

Remote monitoring is available only for these products:

- ChemCheck® Water Quality Monitoring System
- IntelliConnect® Pool Control and Monitoring System
- IntelliFlo3™ Variable Speed and Flow Pool Pump
- IntelliSync® Pool Pump Control and Monitoring System

You can allow your pool professional to manage your pool by following these five easy steps:

- 1 Go to the dashboard for the device with remote monitoring capabilities.
- 2 Select the **settings gear icon** in the top right.
- 3 Select **Remote Monitoring**.
- 4 Search by Pro Name (Business Name) or **Search Radius**.
- 5 Once the pool company is selected, the pool owner can select **Send Request**.
