INTELLIBRITE® 5G
UNDERWATER LED LIGHTS

The most efficient underwater LED lighting available.
UNMATCHED ENERGY EFFICIENCY.

IntelliBrite® 5g Color-Changing Underwater LED Lights provide vivid illumination using less than half the energy of competing LED lights. Plus, by consuming only 26 watts for pool lights and 18 watts for spa lights, IntelliBrite 5g lights also use significantly less energy than traditional incandescent and halogen pool lights. No other LED light offers the same level of savings and efficiency.

Fixed-color choices

- Blue
- Green
- Magenta
- White
- Red

*Light intensity and color may vary depending on a number of factors including, but not limited to, light location, plaster color, pool depth/shape/geometry, overall lighting, etc.

POOLSIDE NIGHTS GO FROM GREAT TO SPECTACULAR.

IntelliBrite 5g lights offer a virtually endless range of dramatic underwater lighting effects. With five vibrant, fixed colors and seven light shows, IntelliBrite 5g lights provide a full spectrum of options at your command.*
Standard light shows

SAm Mode:
Cycles through the color spectrum of the SAm Light

Party Mode:
Rapid color changing builds energy and excitement

Romance Mode:
Slow transition for a mesmerizing and calming routine

California Sunset Mode:
Dramatic transitions of orange, red and magenta tones

American Mode:
Patriotic red, white and blue transition

Caribbean Mode:
Transitions between a variety of blues and greens

Royal Mode:
Cycle that selects only rich, deep tones of color

BETTER LIGHT DISPERSION.

The innovative lens geometry and reflector design of the IntelliBrite 5g lights provide a choice in positioning based on a pool’s shape and layout. The default wide mode is used for lights in the side of pools, while the narrow mode is used for lighting under diving boards and can illuminate the length of the pool. Plus, IntelliBrite 5g’s light beam distribution eliminates “hot spots” and glare.

SYNCHRONIZES SEAMLESSLY WITH CONTROL SYSTEMS.

IntelliBrite 5g lights easily pair with IntelliCenter™, IntelliTouch® or EasyTouch® Control Systems for superior pool, spa and poolscape equipment automation. In addition, the IntelliBrite Controller offers pool and spa owners without an automation system fast and easy switching to their favorite color modes.
INTELLIBRITE® 5G
UNDERWATER LED LIGHTS

THE MOST ENERGY-EFFICIENT WHITE LIGHTING ON THE MARKET WITH DEPENDABLE LED TECHNOLOGY.

With its cool-running LED lights that feature durable, solid-state technology, the IntelliBrite 5g white underwater LED light is brighter and uses only 55 watts to create the same effect as a 500-watt incandescent light bulb. That’s 89% less energy used! To discover how much you could save, go to www.pentairpool.com/calculators and click on our LED Lights Savings Calculator.
