

UPGRADE YOUR HOME'S MOST IMPORTANT APPLIANCE

Today's homes are getting smarter every day, providing you with the kind of power and performance you demand. By investing in today's Pentek Intellidrive™ with Link₂O™, that power is yours:

- Increased protection
- More control over your water pressure
- Constant connectivity - alerting you to problems with your system

WITH CONSTANT CONNECTION, THE POWER IS YOURS.

Whether you're home or away, 24 hours a day, 7 days a week Link₂O™ puts the power of the Internet in your control, allowing you to monitor your water system at any given moment, with any device.

STATUS
Indicates how well the drive is operating

PRESSURE
Shows actual system pressure at any given time

FAULT CONDITION
Indicates if the drive has stopped running

INTERNET CONNECTION
Indicates if the drive is connected to the internet

SIGNAL STRENGTH
Shows strength of signal to the Pentek Intellidrive

With Link₂O, you enjoy peace of mind, knowing all you can about your home's water system.

Remember, your Pentek Intellidrive with Link₂O can also be connected to your contractor to share system information and decide if action needs to be taken. Ask for details!

PENTEK INTELLIDRIVE™ with Link₂O™

Your phone is smart. Your home is smart.
Add Pentek Intellidrive™ with Link₂O™
and your water system will be
smart, too.

Take Control of Your Home's Water Pressure

Pentek Intellidrive gives you the ability to optimize the water pressure in your shower, dishwasher and lawn sprinkler, automatically adjusting, based on the amount of water you use, so you always get what you want.

MAKE THE SMARTEST CHOICE

With the Pentek Intellidrive, you get more than a basic system. The connectivity you get with Link₂O helps unlock all of the benefits of your water system.

Basic	<p>Well pump with pressure switch</p> <ul style="list-style-type: none"> ➤ System turns your pump on and off
Better	<p>Well pump with Pentek Intellidrive</p> <ul style="list-style-type: none"> ➤ Constant pressure ➤ Provides smart system protection <ul style="list-style-type: none"> • Motor starts gently • Reduces wear and tear • Decreases “banging” pipes and dimming lights
