

H₂O EXPRESS WATER ANALYSIS KIT

Take Control of Your Water Quality

Understanding your water is the first step toward optimizing performance and ensuring peace of mind.

Our advanced, certified laboratory provides a comprehensive water analysis, offering you insights necessary to implement a water solution tailored specifically to your operation.

Don't leave your water quality to chance. Invest in a filtration system designed to meet your unique needs and experience the difference that precision can make.

ORDER YOUR TEST KIT

Call to order your kit through your local Everpure dealer

SEND IN YOUR SAMPLE

Collect your water sample and return it to our water lab. Each kit includes a prepaid shipping label

GET YOUR RESULTS

Our water experts will send you a detailed report, along with a recommended product selection

PROTECT YOUR EQUIPMENT, PRESERVE YOUR PROFITS

Without proper water filtration, your foodservice equipment is vulnerable to scale buildup, corrosion, and unpleasant taste and odor.

These issues could disrupt your operations, leading to downtime, costly repairs, or inconsistent beverage quality.

OUR LAB WILL TEST FOR:

- | | | | | |
|---------------|------------------|-------------|-------------|-------------|
| ◆ Alkalinity | ◆ Chloramines | ◆ Hardness | ◆ Magnesium | ◆ Sodium |
| ◆ Arsenic | ◆ Chlorides | ◆ Iron | ◆ pH | ◆ Sulfates |
| ◆ Barium | ◆ Free Chlorine | ◆ Lead | ◆ Potassium | ◆ TDS |
| ◆ Bicarbonate | ◆ Total Chlorine | ◆ LSI | ◆ Selenium | ◆ Turbidity |
| ◆ Calcium | ◆ Copper | ◆ Manganese | ◆ Silica | |

Request a test

You will receive your test results within 3 to 5 business days after our lab processes your sample.

800.942.1153 (U.S. only) or 630.307.3000 (Main) | cseverpure@pentair.com.

A hand holding a tablet displaying the Everpure Sizing website. The website has a blue header with the Everpure logo and navigation tabs: '1. Choose Your Application', '2. Choose Your Options', and '3. Get Your Results'. The '1. Choose Your Application' tab is selected, showing a list of applications: Coffee, Espresso, Fountain, Frozen Carbonated Beverage, Hot Water Dispensing, Ice, Iced Tea, Specialty Beverage, Steam Oven, and Whole Store - Multiple Equipment. The '2. Choose Your Options' tab is also visible, showing a form with dropdown menus for 'How many carbonators are on the fountain?' (set to 2) and 'What is your daily ice production (in lbs.)?' (set to 651-1200). The '3. Get Your Results' tab shows a 'Recommended Selection' section with a 'SYSTEM Everpure High Flow CSR Twin-TFC' and a description of its features. A hand is pointing at the tablet screen.

Match the right Everpure water treatment with your application requirements.
