

# LEAVE LEAD BEHIND:

## LR-BB50 HEAVY DUTY LEAD FILTRATION SYSTEM

Achieve cleaner and safer water throughout your home with a whole-home lead filtration system. Enjoy peace of mind with a high-quality filtration product that is certified to reduce lead levels in your water.

Lead and other undesirable contaminants can be present in your original water sources or in the pipes outside your home, potentially leading to various health issues. The LR-BB50 Heavy Duty Lead Filtration System effectively reduces these contaminants before they enter your home.

### FEATURES AND BENEFITS

- ◆ Reduces lead up to 99%
- ◆ Extremely fine filtration to 0.5 microns reduces a wide array of contaminants.
- ◆ Fibredyne™ technology provides maximum filtration.
- ◆ Built-in bypass means no disruption to water flow during cartridge change-outs.

# ENJOY QUALITY WATER FROM EVERY TAP

## PROACTIVE PROTECTION

Lead exposure can affect nearly every system in the body and frequently goes unrecognized. The LR-BB50 System works to reduce lead and other contaminants in the water before they enter your home.

## PREMIUM FILTRATION TECHNOLOGY

Our system features a built-in flow restrictor that ensures fine filtration without sacrificing water pressure, while our proprietary Fibredyne cartridge technology helps to provide consistent, reliable water flow for the whole home.

## ACCESS TO EXPERTS

A **water treatment professional** can give you an accurate view of what's in your water, tell you what's affecting its quality and install the filtration system that's right for your water, your home, and your family. Go to **pentair.com** to find your local Pentair dealer.

## MOVE, IMPROVE, AND ENJOY WATER, LIFE'S MOST ESSENTIAL RESOURCE.

Pentair is focused on smart, sustainable water solutions that help our planet and people thrive.
