

# INTELLiPH<sup>®</sup>

## CHEMICAL CONTROLLER

The safer, effortlessly automatic way to regulate a pool's pH level.

The IntelliPH controller is the perfect companion for the IntelliChlor<sup>®</sup> Salt Chlorine Generator. It automatically dispenses muriatic acid to balance your pool's pH while the IntelliChlor generator creates pure chlorine from salt, right in the swimming pool. The IntelliPH controller eliminates fluctuations in pH level, protecting your pool equipment from corrosion caused when pH swings in and out of balance. The IntelliPH controller assures more effective sanitation, resulting in pool water that's easier on swimmers' eyes, hair and swimwear.

If you're already using the IntelliChlor generator, then choose the perfect mate for safer, convenient pH control...the IntelliPH controller.
