

SUPERFLO®

HIGH PERFORMANCE PUMP

Quiet, rugged and versatile.

The SuperFlo Pump is a product of more than 40 years of innovative hydraulic engineering. The result is an ability to move more water with less effort and super-quiet operation. Plus, by performing with less effort, there's simply less wear and tear—and that means longer life for a higher return on your pump investment.

- Superior hydraulic design and thick-walled body parts deliver super-quiet operation.
- TEFC Super-Duty motor options provide superior performance and longevity.
- When outfitting your new pool or looking for a superior replacement for a Hayward® Super Pump®, the SuperFlo pump drops right into place with ease to minimize installation time and expense.

SUPERFLO® HIGH PERFORMANCE PUMP

The strong silent type.

The SuperFlo Pump meets all the criteria for a superior pool, spa or water feature pump. It's designed with innovative materials that will stand up to the most demanding installations and conditions. Whether you're choosing your first pump or replacing older technology, the SuperFlo Pump is definitely a super choice.
