

CLEAN & CLEAR® RP

CLEAN & CLEAR® RP

CARTRIDGE FILTER

The most efficient single-cartridge filter ever.

The Clean & Clear RP Filter gives you everything you could ask for in a filter. This design is nearly 50% more efficient than most single-cartridge filters on the market. At the same time, it delivers top-of-the-line performance to keep your pool sparkling clear. Plus, cleaning is a breeze, and its quick-connect ring makes maintenance a cinch. Just open the top, remove the cartridge, hose it off and the Clean & Clear RP Filter is ready to go again.

The Clean & Clear RP Filter has an innovative side-entry port to optimize flow and energy efficiency. And inside, we've maximized the cartridge surface consistency to block and trap particles as small as 20 microns. (An average grain of beach sand is 1,000 microns!) Plus, its durable, fiberglass-reinforced tank helps to ensure exceptionally long life.

EKOSELECT® TRADEGRADE

CLEAN & CLEAR® RP CARTRIDGE FILTER

Efficient and carefree...by design.

The Clean & Clear RP Filter's innovative side-entry design optimizes flow for greater energy efficiency. It features an easily cleaned cartridge for the ultimate in carefree pool filtration. The fiberglass-reinforced tank halves are secured with a low-force locking ring—just loosen the ring and remove the top half for easier cartridge access and rinsing. Filter maintenance doesn't get any easier.

KEY FEATURES

Single-piece base and tank

Constructed of fiberglass-reinforced polypropylene for strength, chemical resistance and maximum durability.

High Flow™ Manual Air Relief Valve

Relief valve and continuous internal air relief work together to maintain optimum filtration efficiency.

1-1/2" drain cap and washout

For quick and convenient maintenance and winterization.

Innovative lock-ring

Requires only an easy half of a revolution for a leak-proof seal.

Easy access 1-1/2" drain

2" x 2-1/2" plumbing

For maximum flow; innovative side entry maximizes energy efficiency.

Low-force locking ring

Opens and closes easily for quick access to cartridge.

Easy to remove and rinse cartridge

For nearly effortless cleaning.

Quick-connect union

Quick-connect union with diamond seal assures easy installation and servicing.

Unmatched hydraulic efficiency

Nearly 50% more energy efficient than single-cartridge cartridge filters.
