PENTAIR

It's not a pool.
It's a 24k gallon statement.

The FullFloXF® family of high efficiency pool filters offers optimum filtration efficiency, easy maintenance and longer runs between cleanings—keeping even the largest, splashiest pools sparkling-clearer at a lower operating cost.*

CLEARER WATER
This family of filters offers exceptional filtration to help reduce debris particles for a clearer pool experience.

ENERGY & COST SAVINGS
Enhanced internal design and balanced flow enable up to 25% greater energy efficiency and lower operating cost.*

LOW MAINTENANCE
Ideal for large and premium pools, longer filtration cycles extend periods between cleanings.

* Statements of filter performance are based on estimates. Actual performance may vary and is not guaranteed. Estimates for filter efficiency are based on the power required to pump 150 GPM of water through a Clean & Clear® Plus 520 filter using a IntelliFlo VSF pump versus a FullFloXF C620 filter using a IntelliFlo VSF Pump.

Clearer water is but a FullFloXF® Filter away...

FullFloXF FV60 & FV72

High-Efficiency Fiberglass D.E. Filter

Water that sparkles, for less.

- Filtration that captures even minuscule dirt particles for water clarity
- Up to 25% more energy efficient for lower operation costs*
- Unique design which includes a built-in backwash valve that extends time between cleaning and ensures optimal operation under all conditions

FullFloXF F72

High-Efficiency Fiberglass D.E. Filter

Elevate your pool experience with longer runs between cleanings.

- Superior filtration captures minuscule dirt particles and algae for water clarity
- Enhanced internal design & balanced flow enable 25% greater efficiency and low operating cost*
- High filtration capacity makes it an ideal match for large & feature-rich pools

FullFloXF Q120

High-Efficiency Cartridge-Style D.E. Filter

The crystal-clarity of D.E., with cartridge convenience.

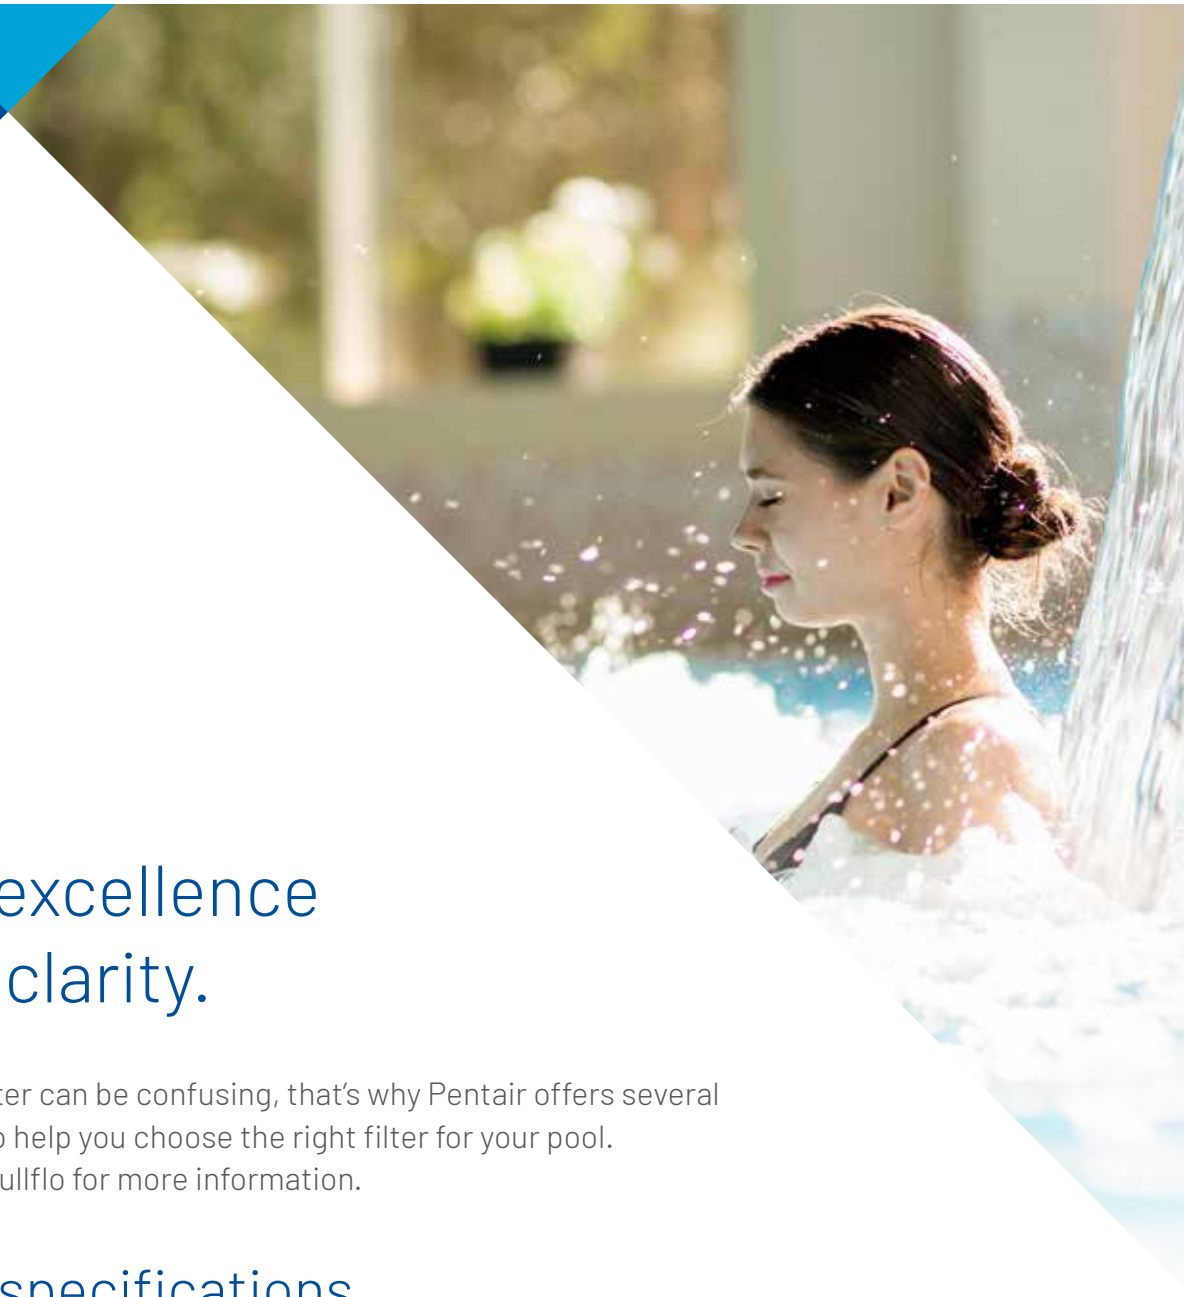
- D.E. filtration traps small particles for optimal water clarity
- Four-cartridge design with 120 sq. ft. of filter area extends time between cleanings
- Easy-to-access, easy-to-clean cartridge design makes cleaning quick & simple
- Enhanced internal design & balanced flow provides up to 25% more energy efficient for lower operating cost*

FullFloXF C620

High-Efficiency Cartridge Filter

High-efficiency, high-capacity cartridge filtration.

- Four-cartridge design with 640 sq ft of filtration successfully traps dirt and extends time between cleanings
- Up to 25% more energy efficient for lower operating cost*
- Designed for easy cleaning and maintenance, with long-lasting durability



Choose excellence in water clarity.

Choosing a pool filter can be confusing, that's why Pentair offers several online resources to help you choose the right filter for your pool. Visit pentair.com/fullflo for more information.

Technical specifications

Part Number	Model Number	Media Type	Filter Area (sq.Ft.)	Vertical Clearance*	Filter	Plumbing size	Filter Diameter	Flow Rate (GPM)	Turnover Capacity (Gallons)		
									8 hours	10 hours	12 hours
