Upgrade to energy-saving LED Lighting.

Quick and Easy!! Simply unscrew your inefficient, high-wattage incandescent bulb from your Amerlite® Light and replace with a high-efficiency AmerBrite® LED lamp and watch the powerful illumination while utilizing minimal electrical consumption. With its convenient Edison screw base, the AmerBrite LED lamp is a ‘plug-and-play’ replacement for Amerlite incandescent bulbs. With AmerBrite lamps you will experience vivid illumination of commercial water features, water theme parks and municipal pools—all without the hassle and cost of replacing your existing Amerlite light fixture.

Calculate your savings online: www.pentaircommercial.com/hotelmotel

*Savings may vary based on utility rates and usage times and are averaged over the life of the LEDs.*
Switch to the most efficient LED lighting.

- Box contains: AmerBrite light assembly, gasket, IntellBrite® Light wide/narrow option glass lens, and new clamp
- AmerBrite white lamps use 34 to 51 watts of power
- The brightest and most efficient white LED replacement pool lamp on the market
- Available in white 300, 400 and 500 watt incandescent light equivalencies, in 120V or 12V versions. Vibrant color-changing models also available
- Superior reflector design creates more uniform light distribution
- Lens can be rotated 180 degrees to provide wide or narrow beam pattern
- LED technology provides longer life
- Solid-state technology with no internal filament
- The only UL and cUL Certified LED replacement lamp for Amerlite incandescent fixtures
Cut your facility’s pool lighting costs by **up to 85%** or see potential savings like these:
