USA
OF FOREIGN & DOMESTIC PARTS

PENTAIR FLECK

PRODUCT OVERVIEW

The 5800 Series of Pentair Fleck® valves provide a common solution for a wide variety of filtration and softening applications. Developed on the same platform as the 5800, the 5810 and 5812 valves offer flexibility with a familiar appearance, while reducing carrying costs.

The 5800 Series provides:

- ▶ **HIGH-FLOW SOLUTIONS** for large residential and small commercial applications
- ▶ **FAMILIAR** - Uses the same Pentair powerhead and controller options
- ▶ **STANDARD VALVE BODY** for upflow, downflow and filter applications
- ▶ **EASILY SERVICED** with the same snap fit and seal and spacer principles
