

# FRESHPOINT® FILTRATION SYSTEMS

A  
FRESH TAKE  
ON FILTRATION

### CLICK AND ENJOY

Effortless click-in lock installation and serviceability solution reduces time and money spent.

### EVERYTHING YOU NEED

Pentair® FreshPoint® provides one, two, and three stage solutions to address your drinking water needs.

### LEAD REDUCTION

Safeguard your family from harmful contaminants like lead. *All systems are NSF Certified to reduce lead except model F1000-DFB.*

### TRUSTED TECHNOLOGY

For more than 40 years, Pentair has been the quality choice for water treatment. Pentair FreshPoint's unique encapsulated cartridge technology prevents contaminants from entering your water.

## WHY FILTERED VS BOTTLED WATER?

### HEALTH

Just as tap water quality varies from city to city, bottled water quality varies from one product to the next, depending on the type and quality of the source water and the treatment it undergoes at the bottling facility.

### ENVIRONMENTAL IMPACT

\*30 million water bottles are consumed daily in the US. Only 25% of those are recycled, which contributes to nearly 4 billion pounds of waste annually.

### SAVINGS

\*It costs 5-10 times as much to drink bottled water instead of filtered tap water.

\*Based on the average family water consumption of 300 gallons of water/year

# TESTED AND TRUSTED TO REDUCE IMPURITIES

F3000-B2M

F2000-B2M

F1000-B1B

## Protect your family with PENTAIR FRESHPOINT

\*All systems are NSF Certified to reduce lead, cysts, and VOC except model F1000-DFB.

\*\*NSF/ANSI Standard 53 certified to reduce cysts such as Cryptosporidium and Giardia by mechanical means.

EPA EST. NO. 082989-CHN-001
