

City Water Wall Mount Pressure Reducer

Model Number: 183-020-16

HIGH PRESSURE? WE'LL RELIEVE IT.

Pentair Shurflo® exclusive diaphragm design prevents high-pressure damage often caused by city water. This device prevents excessive pressure from bursting your pipes and damaging your plumbing system. Compatible with standard RVs (motorized, 5th wheels, travel trailers) and boats.

SPECIFICATIONS

- ◆ 65 PSI [4.48 Bar]
- ◆ Attaches easily to standard hose fittings
- ◆ 3/4" GHT - Female Swivel Inlet
- ◆ 1/2" NPSM - Male Outlet
- ◆ Includes Built-in Check Valve

EASE OF INSTALLATION

Simply attach to the campground's water supply to reduce the water pressure feeding through the water hose into the RV using a 3/4" garden hose connection.

CONTINUOUS PROTECTION

The reducer is wall mounted to reduce the possibility of breaking the city entry connection and provides a consistent pressure from high pressure outside water sources.

IDEAL PRESSURE

Reducer regulates incoming water pressure to 65 psi to protect your RV's plumbing system.

CERTIFIED CHOICE

Certified by CSA and meets all RVIA requirements.
